everyone knows, I'm looking at the paragraph one, it
1
 2
    talks about the text and pager messages sent on 11
 3
    September 2011, and then the footnote says 2001.
    2011 a typo?
4
                 MR. TOOMAN: Yes, ma'am, it is.
5
                 THE COURT: So it should be 2001?
 6
7
                 MR. TOOMAN: Yes, ma'am.
                 THE COURT: So in paragraph one of relief
8
9
    sought, right at the end of the sentence it says messages
    sent on 11 September 2001. You want to just go ahead and
10
    change it and initial it?
11
12
                 MR. TOOMAN: Yes, ma'am.
13
                 THE COURT:
                             The court notes that the exhibit
14
    has been changed to 2001 and signed by Captain Tooman or
15
    initialed by Captain Tooman.
                 All right. The court is prepared to rule on
16
17
    both motions for judicial notice.
18
                 Defense requested judicial notice. On 15
    June 2013 the defense filed three motions for judicial
19
20
    notice, appellate exhibits 569 through 571, requesting
21
    the court to take judicial notice of the following
```

```
adjudicative facts: One. 13 October 2010 classification
1
 2
    assessment conducted by Rear Admiral Kevin Donegan,
 3
    director of operations at CENTCOM, regarding the Apache
    video, prosecution exhibit 15.
4
                 Two. The audio transcript for prosecution
5
    exhibit 15.
6
7
                 Three.
                         On or about 25 November 2009
    WikiLeaks published what it claimed to be text and pager
8
9
    messages sent on September 11, 2001. The defense does
10
    not request the court to take judicial notice of the
    messages themselves or that the messages are actually
11
12
    from 11 September 2001.
13
                 Four. On 25 July 2007 Reuters made a FOIA
14
    request to DOD for video and audio recordings related to
15
    the death of Mr. Namir Noor-Eldeen and Mr. Saeed Chmagh,
    Reuters journalists. CENTCOM responded to the Reuters
16
17
    request on 24 April 2009.
18
                 On 19 June 2013, the government filed a brief
19
    opposing one, two and four above, appellate exhibit 574.
20
                 After oral argument the government revised
```

its position and did not object to 2, 3 and 4 above.

1	The parties stipulate that enclosure two to
2	appellate exhibit 574 is an accurate transcript of the
3	audio of prosecution exhibit 15. The government objected
4	to the classification assessment in one as hearsay, not
5	admissible as a statement of a party opponent under MRE
6	802D2E.
7	The court will grant judicial notice for two,
8	three and four.
9	The only remaining issue regarding the
10	defense motions for judicial notice is whether the court
11	will take judicial notice of number one.
12	Government request for judicial notice. On
13	25 June 2013 the government filed a motion for judicial
14	notice, corrected copy at appellate exhibit 576, moving
15	the court to take judicial notice of the following
16	adjudicative facts.
17	Adjudicative facts. WikiLeaks releases.
18	A. WikiLeaks released a video entitled
19	Collateral Murder on 5 April 2010.
20	B. WikiLeaks released more than 390,000

records from the Combined Information Data Network

- 1 Exchange, CIDNE Iraq database on 22 October 2010.
- C. WikiLeaks released more than 75,000
- 3 records from the CIDNE Afghanistan database on 25 July
- 4 2010.
- 5 D. WikiLeaks released more than 700 detainee
- 6 assessments produced by joint task force Guantanamo on 25
- 7 April 2011.
- 8 E. WikiLeaks released a memorandum produced
- 9 by Army Counter Intelligence Center entitled, quote
- 10 WikiLeaks org, dash, an online reference to foreign
- 11 intelligence services, insurgents or terrorist groups on
- 12 15 March 2010.
- 13 Adjudicative facts. Salary and service
- 14 members of government employees.
- 15 F. The monthly based salary for service
- members at the rank of specialty E4 was 1,502.70 in 2003,
- 17 1,558.20 in 2004, 1,612.80 in 2005, 1,662.930 in 2006,
- 18 1,699.20 in 2007, 1,758.90 in 2008, 1,827.60 in 2009, and
- 19 1,000889.70 in 2010.
- 20 G. The yearly base salary for government
- 21 employees at the rate of GS-12 on the general scale was

```
51,508 in 2003, 52,899 in 2004, 54,221 in 2005, 55,360 in

                 Adjudicative facts. Reference materials.
 4
                     The existence of Army regulation 25-1
5
                 H.
    dated 13 November 2007, specifically paragraphs 1-1,
6
7
    subparagraphs A and B of 1-7 and subparagraphs. And the
    definition of, quote, information system, initially the
8
    government's motion said section two of the glossary of
9
10
    Army regulation 27-1 and they revised that to say the
    definition in Army regulation 27-2. So the judicial
11
12
    notice requested -- I'm sorry, 25-2. And that's the
13
    current request for judicial notice.
14
                 I.
                     The existence of Department of Defense
15
    DOD, is that directive or instruction?
16
                 MR. FEIN: May I have a moment, Your Honor?
17
                 THE COURT: Yes.
18
                 MR. FEIN: Your Honor, DOD 5400.11-4 is a DOD
    regulation administered under the DOD directive 5400.11.
19
20
                             Okay. So you're asking me to
                 THE COURT:

    take notice of the regulation, not the directive.
```

```
MR. FEIN: Yes, ma'am. 5400.

 2
                 THE COURT: Does the dash R make it a
3
    regulation?
                 MR. FEIN: Yes, ma'am.
4
                 THE COURT: So what you want me to take
5
    judicial notice is entitled DOD 5400.11-R?
6
7
                 MR. FEIN: Yes, ma'am. Department of Defense

                 THE COURT: Okay. Specifically appendix one

                 And, M, the Internet chat lingo and their
3
    meanings in enclosure 13 are synonymous.
                 On 25 June 2013 the defense filed a brief
 4
    objecting to all of the above except J and M on the
5
6
    grounds of relevance. The defense did not object to J,
    and objected to M as an improper subject for judicial
7
    notice.
8
                 At oral argument the defense conceded that A

12
                 The law on judicial notice. One. Military
13
    Rule of Evidence 201 governs judicial notice of
14
    adjudicative facts. The judicial noticed facts may be,
15
    one, not subject to reasonable dispute in that it is
16
    either, one, generally known, universally, locally or in
17
    the area pertinent to the event or, two, (INAUDIBLE) to
    sources whose accuracy cannot reasonably be questioned.
18
    United States versus Needham, 23 MJ 383, Court of
19
20
    Military Appeals, 1987, United States versus Brown, 333
```

MJ 86, Army Military Court of Review, 1991.

Military rule of evidence 201C requires 1 2 the military judge to take judicial notice of 3 adjudicative facts if requested by a party and supplied with the necessary information. 4 Three. When the military judge takes 5 6 judicial notice of the adjudicative facts the fact finder 7 (INAUDIBLE). Judicial notice of adjudicative facts. 8 Four. 9 Judicial notice is not appropriate for inferences a party 10 hopes the fact-finder will draw from the facts judicially noticed. (INAUDIBLE) subject to judicial notice. 11 12 States versus Anderson, 22 MJ 885, Air Force Court of 13 Military Review, 1985. 14 In parens, appropriate to take judicial notice of the existence of a treatment program in a 15 confinement facility, but not appropriate to take 16 17 judicial notice of the quality of the program. 18 The law. Hearsay. One. Hearsay is a 19 statement other than one made by the declarant while testifying at trial offered in evidence to prove the 20 21 truth of the matter asserted, MRE 801C. Hearsay is not

admissible except as provided by the Military Rules of Evidence or any acts of Congress. Military Rule of Evidence 802.

Two. Admission by a party opponent, military rule of evidence 801D2E. Admissions by a party opponent are not hearsay and is a statement by the party's agents or service concerning a matter within the scope of the agency or employment of the agency or servant made during the existence of the relationship. The contents of the statement shall be considered but are not alone sufficient to establish the declarant's agency or employment relationship and the scope thereof under D.

ruling entitled defense motion, motion for judicial notice of adjudicative facts, Finkelbook and public statements, appellate exhibit 356, the court adopts the three part tests adopted by the Second Circuit, United States versus Salerno, 937 F.2d 793 at 811, Second Circuit, 1991, to determine if the classification assessment by Rear Admiral Donegan qualifies as an admission under 801 against the government and is worthy

of judicial notice. That three part test requires the court to be satisfied that the prior statement involves an assertion of fact inconsistent with similar assertions at a subsequent trial. Second, the court must determine that the statements were such to be the equivalent of testimonial statements. Lastly, the district court must determine by a preponderance of the evidence that the inference the proponent of the statement wishes to draw is a fair one. And then an innocent explanation for the inconsistency does not exist, Salerno, Second Circuit, 191, quoting United States versus McKeon, 738 F.2d 26 at 33, Second Circuit, 1984, quotations omitted. And see also United States versus Deloach, 34 F.3d 1001, Eleventh Circuit, 1994, adopting the test from Salerno.

The fact that a statement is admissible against a party opponent does not bind the party. The party against can rebut the statement and assert a different or contrary position. United States versus Bellamy, 403 Maryland 329, footnote 19.

The law. Use of statements made by an accused during a providence inquiry. An accused guilty

plea to a lesser included offense may be used to establish elements of the greater offense during the contested portions of the trial. Statements made by the accused during the providence hearing, whether orally or in writing, are not evidence that is before the trier of fact and may not be considered during the contested portion of the trial.

Conclusions of law.

Defense motion for judicial notice of classified assessment -- classification assessment of Rear Admiral Donegan. One. The court will not consider any statement made by the accused during the providence inquiry to support any of the requests for judicial notice.

Two. Rear Admiral Donegan meets the Salerno test. Rear Admiral Donegan was acting in his official capacity as director of operations CENTCOM when he made the classification assessment and is inconsistent with the stipulation of expected testimony of CW5 Jon Larue at prosecution exhibit 117. The inference that the defense wishes to draw is a fair one.

Three. The court will take judicial notice of the 13 October 2010 classification assessment by Rear Admiral Donegan.

Government motion for judicial notice. The facts in A through L are adjudicative facts capable of accurate and ready determination whose accuracy cannot reasonably be questioned.

WikiLeaks releases. The court's already cited those above, although I have them listed in the ruling I won't read them again. All of the WikiLeaks releases are relevant to show the path of information allegedly from the accused through WikiLeaks with opportunity to access it by the enemy for the specification of charge one, aiding the enemy, and for cause to be published, element of specification one of charge two, wantonly cause to be published, as to whether the accused stole and whether the information was closely held by the government for the following specifications charged: A, specification two; B, specifications four and five; C, specification six and seven; D, specification eight and nine; and E, specification 15.

The government will take judicial notice of A through E.

Adjudicative facts, salary of service members and government employees. Once again I read them before when we did the introduction to what the government was seeking judicial notice for, the court will not read them again.

The monthly and yearly based salaries of service members and government employees at the grade of GS-12 are relevant to a fact at issue, specifications eight and 16 of charge two, the court will take judicial notice of F and G.

Adjudicative facts, reference materials. The existence of Army regulation 25-1 dated, excuse me, I've already read those as well. I won't read them again. The references in 25-1, AL 25-2 and DOD 5400-R are relevant to a fact in issue, to prove the information stolen was a thing of value to the United States and also are relevant to act at issue to prove that the accused used information and information system for a manner other than its intended use. The court will take judicial notice of H and I.

```
Now, before I proceed with the rest of this,
1
2
    I do want to ask defense, I'm taking judicial notice of
 3
    the definition of information system for the government
    and AR 25-2. Does the defense want me to take the
4
    definitions of information system that you gave me with
5
6
    respect to litigating this motion in AR 25-1 and I forgot
7
    the other publication that you gave me.
                 MR. TOOMAN: No, ma'am.
8
9
                 THE COURT:
                              Okay.
10
                 I'll continue on with the ruling then.
11
    Adjudicative facts, miscellaneous.
                      Thanksgiving of 2009 occurred on 26
12
                 J.
    November 2009.
13
14
                 And then K, L were the I S and the Icelandic
15
    officials.
                 And M was the Internet chat lingo.
16
17
                 The defense does not object to the court
18
    taking judicial notice of J. The terms in K and L were
    used by the accused in searches on Intelink and chats
19
20
    with pressassociation Julian Assange, prosecution
    exhibits 81, 83 and 127. The facts at K and L are
21
```

1	relevant to explain to the fact finder the terms used in
2	the searches and chats by the accused and are also
3	relevant to whether the accused acted wantonly for
4	specification one of charge two.
5	The government has provided no references for
6	M other than a chart of chat terms and prepared by an
7	unknown person or entity. The facts at M are not
8	adjudicative facts capable which resort to resources
9	whose accuracy cannot be reasonably questioned.
10	The court will take judicial notice of J, K
11	and L. The court will not take judicial notice of M.
12	Ruling. The defense motion for judicial
13	notice are granted. The government motions for judicial
14	notice are granted in part. The court will take judicial
15	notice of A through L. The court will not take judicial
16	notice of M, meanings of Internet chat lingo.
17	Is there anything further with respect to
18	this ruling?
19	MR. TOOMAN: No, ma'am.
20	MR. FEIN: No, ma'am.
21	THE COURT: All right. I'll have this ruling

marked as the next appellate exhibit. As I was reading 1 2 it, there were a couple of typos. I'll go ahead and mark 3 this, but I'm going to do a corrected copy. And I believe the court reporter told me that would be 4 appellate exhibit 582. 5 6 Is there anything else we need to address 7 before we proceed? MR. FEIN: Yes, ma'am. One housekeeping 8 9 issue from yesterday. During the closed session the 10 United States offered and had admitted three pieces of 11 evidence and the United States can put that on the public 12 record what, at least the unclassified description. 13 First was prosecution exhibit 154, the 14 description is it was the, it was index dot document 15 migration summary, classified. Prosecution exhibit 166 is a memorandum, 16 Bates number 00374994 dash 00374996, which is one of the 17 18 two charged documents for specification three of charge 19 two. 20 And prosecution exhibit 167 is a memorandum, 21 Bates number 00374990 through 00374993, which is the

```
second of two documents for the charged documents for
1
2
    specification three of charge two.
3
                 THE COURT: All right. Thank you. Any other
    administrative matters we need to address?
4
                 MR. FEIN: No, ma'am.
5
6
                 MR. COOMBS: No, Your Honor.
7
                 THE COURT: All right. Government, please
8
    proceed.
9
                 MR. MORROW: United States recalls Special
    Agent Mark Mander.
10
11
    Whereupon:
12
                          MARK MANDER,
13
    recalled as a witness, having been previously duly
    sworn according to law, testified as follows:
14
15
                 MR. MORROW: Special Agent Mander, I want to
16

17
                 THE WITNESS: Right.

    a couple of documents, okay?
```

- 1 A. Okay.
- Q. I'm retrieving prosecution exhibits 31 Alpha and 32 Alpha for identification.
- I'm showing them to defense counsel.
- Agent Mander, I'm handing you prosecution
- 6 exhibits 31 Alpha and 32 Alpha for identification. Can
- 7 you take a look at those, please?
- 8 A. Okay.
- 9 Q. Do you recognize those documents?
- 10 A. I do.
- 11 Q. And what are they?
- 12 A. These are two documents that basically contain
- 13 information from Twitter from the WikiLeaks Twitter
- 14 account.
- Q. Okay. And I want to be very specific about
- 16 what they are. Is it an image of something? Can you
- 17 describe that, please?
- 18 A. These are what we would call a screen capture.
- 19 It's basically what I saw on my computer screen at the
- 20 time that I went to these particular URLs.
- 21 Q. And can you describe the process of creating a

- screen capture or what you do in this case for these two 1 2 documents?
 - Α. In the case of these two documents I navigated to the Twitter web page and specifically the location that contained these two messages on the Twitter website, and then basically made a copy of what was on my computer screen, placed that copy into a PowerPoint document, and then printed out those two pages, or these two pages, and then initialed the bottom right of each page.
- 10 And when did you do all this? Q.
- 11 This was, excuse me, sometime last year, I 12 believe it was in August of last year.
- MR. MORROW: Permission to publish, Your 13
- 14 Honor.

- 15 THE COURT: Go ahead.
- BY MR. MORROW: 16
- 17 Agent Mander, I'm going to show you 31 Alpha Q.
- first, okay? 19 Α. Okay.
- 20 I know it's a little difficult to see. Q. 21 really what I'm concerned with is the very top line, the

- 1 HTTP colon slash slash; was that part of the screen capture?
- 3 A. That was not.

6

7

8

9

- Q. What is that? Why was that added?
 - A. I added that in because I noticed at the resolution to shrink down the screen capture to get it all on one page it makes the actual address, which is what that is, above kind of hard to see, so I just added that in there just so it would make it a little easier to identify what I was actually looking at at the time.
- 11 Q. How did you create that line of information 12 then specifically?
- A. I pasted the screen capture of the site that
 was on my computer screen which is basically the
 rectangular box.
- 16 Q. I'm specifically referring to the web address.
- A. Right. And then just added the web address as a text box inside the Power Point document.
- Q. Okay. And those are your initials in the bottom right-hand corner?
- 21 A. They are.

I'm going to show you 32 Alpha at this time. 1 Q. 2 And, again, was it the same process to create the web 3 address at the very top, the HTTP colon slash slash 4 Twitter? 5 Α. Yes. 6 Q. And, again, are those your initials on the 7 bottom right-hand corner? 8 Α. They are. Q. And when did you initial the document? 10 Basically I navigated the site, went through Α. 11 the process of creating the document, printed it out and then initialed the document in, like, immediately 12 13 thereafter. 14 0. Okay. Just a couple other things. We've 15 talked about this before, Agent Mander, but do you recognize the hourglass graphic there? 16 17 That graphic is the logo that I've seen on the 18 WikiLeaks website. 19 MR. MORROW: Thank you, Agent Mander. 20 THE COURT: Cross examination.

1	CROSS EXAMINATION
2	BY MR. TOOMAN:
3	Q. Good afternoon, Agent Mander. Now, when you
4	said that you navigated to the website, how did you go
5	about actually finding those tweets?
6	A. The, I believe, just doing a search for some
7	of the keywords in relation to the actual tweet.
8	Q. Now, did you do that search on Twitter?
9	A. No. I believe I did that search on Google.
10	Q. So you searched on Google, and then from
11	Google you got a link to the Twitter page?
12	A. Yes.
13	Q. So you didn't go to the WikiLeaks Twitter page
14	itself to find those?
15	A. Well, it's kind of a bad question.
16	Essentially the WikiLeaks Twitter account, so it's
17	basically the Twitter website where WikiLeaks has an
18	account. I noticed they have like thousands of messages
19	there, and I actually went there first and started
20	looking through all the messages and then figured there

might be an easier way to actually try to find those

- 1 particular messages.
- Q. Right. Let me rephrase. You didn't actually
- go to the WikiLeaks Twitter feed in order to find those
- 4 tweets?
- 5 A. Well, yes, that's what was on the screen.
- Q. The feed, would you agree with me, the feed is where you can see multiple tweets from WikiLeaks?
- 8 A. Okay. Correct.
- 9 Q. And you didn't go to that portion of the 10 WikiLeaks Twitter page?
- 11 A. I did at one point, and I mentioned, they're
 12 arranged chronologically and there was like thousands of
 13 them and you have to get down to the bottom and then it
 14 loads more of them.
- Q. Right. So you didn't find the 31 Alpha and 32
 Alpha by going through the Twitter feed?
- 17 A. No. I found it via the Google search.
- MR. TOOMAN: Okay. Thank you.
- 19 THE COURT: Redirect.
- 20 MR. MORROW: Just one question, Agent Mander.

REDIRECT EXAMINATION 1 2 BY MR. MORROW: 3 Q. What we just observed in the two documents, 4 was that in the Twitter feed? Yes. 5 Α. Was that the WikiLeaks account? 6 Q. 7 Α. Yes. MR. MORROW: Thank you. 8 9 THE COURT: Go ahead. 10 RECROSS EXAMINATION 11 BY MR. TOOMAN: Agent Mander, I believe you testified that you 12 13 didn't actually go through the Twitter feed and find it, 14 correct? 15 Α. The question you're asking is kind of--Let me rephrase it, Agent Mander. You 16 Q. mentioned that you had the feed, and when we talk about 17 18 the feed we're talking about? 19 Α. All of the messages. Multiple tweets. And when you get down to the 20 Q. bottom it reloads more? 21

1 A. Right.

9

- Q. And you didn't go through and allow that to reload enough such that you could get to the tweets that we looked at on the screen, correct?
- 5 A. I do not believe I did, no.
- Q. So you didn't actually go through all of
 WikiLeaks tweets in order to find those?
- 8 A. No. There was like 20,000 tweets.
 - Q. Okay. So you just Googled it and then that's what came up?
- A. I Googled it, it gave me like a link to an address, and then actually I believe I took that address and I pasted it into my browser to make sure that I was going to where the link was.
- MR. TOOMAN: Okay. Thank you.
- 16 THE COURT: Any final redirect?
- MR. MORROW: No, Your Honor.
- 18 THE COURT: Special Agent Mander, I do have a
- 19 question based on what you said. You responded to the
- 20 government that prosecution exhibits 31 Alpha and Bravo
- 21 are in the WikiLeaks Twitter feed. How do you know that?

```
THE WITNESS: Is it possible to see the
1
2
    documents again? Make it easier to explain.
 3
                 THE COURT: Let the record reflect Captain
    Morrow is showing the witness prosecution exhibits 31
 4
    Alpha and 32 Alpha.
5
                 THE WITNESS: So in the URL, which is the web
6
7
    address that takes you to these messages, the address is
    HTTP colon slash slash Twitter dot com forward slash
8
    pound sign exclamation point forward slash WikiLeaks
10
    forward slash status, and then there's like a serial
11
    number. And basically all of the other WikiLeaks Twitter
12
    messages that were in their feed, they use that same
13
    convention so that it's basically just the serial number
14
    that changes based on the specific message. And
15
    therefore I concluded since the beginning portion of the
16
    address is the same, it was just the serial number that
17
    had changed, it's part of the same account on Twitter.
18
                 THE COURT: Any follow-up based on that?
19
                 MR. MORROW: No, Your Honor.
20
                 MR. TOOMAN: May I have a moment, Your Honor?
21
                 THE COURT: Yes.
```

```
MR. TOOMAN: Briefly, Your Honor.
1
2
                      RECROSS EXAMINATION
3
    BY MR. TOOMAN:
                Now, Agent Mander, the URL that you're talking
4
         Q.
    about, that's the URL just for that particular tweet,
5
6
    correct?
7
         Α.
                That is correct.
                 MR. TOOMAN: Thank you.
8
                 THE COURT: All right. Any further questions
9
10
    from anyone?
11
                 MR. MORROW: Your Honor, I'm going to
    retrieve the exhibits.
12
13
                 THE COURT: All right. Temporary excusal?
14
                 MR. MORROW: Temporary, Your Honor.
15
                 THE COURT: Once again, Agent Mander, you're
    temporarily excused. Please don't discuss your testimony
16
17
    with anyone other than the accused or counsel while the
18
    trial is going on.
19
                 Are the parties ready to proceed?
20
                 MR. FEIN: Ma'am, the United States requests
21
    a recess in order to finalize the stipulations for the
```

```
remainder of the day.
1
 2
                 THE COURT: All right. And I believe, once
3
    again, I held a brief RCM 802 conference with counsel
    this morning where they gave me a head's up that they
4
    would be asking for a recess at some point after Special
5
    Agent Mander's testimony. I believe the recess you all
6
    were talking about was about 90 minutes?
7
                 MR. COOMBS: Yes, Your Honor. To be safe
8
    though, it may be good to go ahead and recess until 1430.
10
                 THE COURT: All right. And after the recess
11
    I'm going to be going over some stipulations of expected
    testimony with PFC Manning, is that correct?
12
13
                 MR. COOMBS: Yes, Your Honor.
14
                 THE COURT: And the reason for this recess is
15
    to give him time to digest what's in those stipulations,
    is that correct?
16
17
                 MR. COOMBS: That is correct, Your Honor.
18
                 THE COURT: Okay. So you want to reconvene
    then at 2:30?
19
20
                 MR. FEIN: Yes, ma'am.
21
                 THE COURT: All right. Court is in recess
```

```
until 1430 or 2:30. The court is very concerned that PFC
1
2
    Manning has enough time to go through and read these
 3
    stipulations before we have our colloquy, particularly if
4
    they're numerous, so if the defense needs more time for
    that, come talk to me.
5
                 Court is in recess.
6
7
                  (RECESS FROM 12:35 P.M. TO 2:38 P.M.)
                 THE COURT: During the recess I had some
8
9
    questions so I have asked that Special Agent Mander be
10
    recalled and I believe the government will want to
11
    question him first with respect to a new exhibit the
12
    government wishes to introduce.
13
                 MR. FEIN: Yes, ma'am.
14
                 THE COURT: All right. So why don't we go
15
    ahead and do it that way.
16
                 Is there anything we need to address before
17
    we call Special Agent Mander?
18
                 MR. FEIN: No, ma'am.
19
                 MR. TOOMAN: No, ma'am.
20
                 THE COURT: Go ahead and call him.
21
                 MR. FEIN: Ma'am, the United States recalls
```

Special Agent Mander. 1 2 Whereupon: 3 MARK MANDER, 4 recalled as a witness, having been previously duly sworn according to law, testified as follows: 5 6 MR. FEIN: Please take the stand, Agent 7 Mander, and I remind you you're still under oath. Your Honor, I'm retrieving from the court 8 reporter what has been marked as prosecution exhibit 31 10 Alpha, 31 Bravo, 32 Alpha, 32 Bravo for identification. I am handing the witness what has been marked 11 as prosecution exhibits 32 Bravo and 31 Bravo for 12 identification. 13 14 DIRECT EXAMINATION 15 BY MR. FEIN: Special Agent Mander, do you recognize these 16 Q. two prosecution exhibits? 17 18 Α. T do. 19 And how do you recognize them? Q. 20 These are screen captures of some Twitter Α.

messages from the WikiLeaks Twitter account from today.

- Q. Okay. And when you say from today, who created these screen captures?
- A. I did.
- Q. And when did you create these?
- 5 A. Today.
- Q. And looking at 31 Bravo first -- actually, permission to publish 31 Bravo, ma'am.
- 8 A. Go ahead.
- 9 Q. Special Agent Mander, today when you went on 10 to Twitter, how did you pull up and print this message, 11 or, excuse me, this tweet?
 - A. I did a search for it using the URL from the other document, the one that we discussed earlier today, and that basically led me to the Twitter dot com website where this message was.
- 16 Q. Okay.

13

14

- 17 THE COURT: When you're talking about the other document, what are you talking about?
- MR. FEIN: Your Honor, I am handing Special
 Agent Mander what's been marked as 32 Alpha and 31 Alpha
 for identification.

- 1 BY MR. FEIN:
- Q. Agent Mander, please look those over. Which
- 3 document are you referencing?
- A. Document 31 Alpha.
- Q. Okay. When you say the URL, what do you mean?
- 6 A. The -- what address that's at the top of this
- 7 exhibit.
- 8 Q. Okay. Did that web address on top of the
- 9 exhibit, was it -- did that exact web address today when
- 10 you used it pull up this message?
- 11 A. It did.
- 12 Q. It did. And which exhibit is that?
- 13 A. 31 Bravo.
- Q. May I retrieve 31 Bravo from you?
- That's 31 Alpha.
- 16 A. Sorry. 31 Alpha.
- 17 Q. 31 Alpha. Okay. And when you printed or when
- 18 you took a screenshot of this, where was this from, this
- 19 image?
- 20 A. That was on the computer screen as I was
- 21 looking at the Twitter dot com website.

Okay. And what account was this associated 1 Q. with? 2 3 Α. This is the WikiLeaks Twitter account. MR. FEIN: Your Honor, I'm retrieving what, 4 I'm pulling off 31 Bravo and handing it back to the 5 witness. And I am retrieving from the witness 32 Bravo. 6 7 Permission to publish, Your Honor. THE COURT: Go ahead. 8 9 BY MR. FEIN: 10 Special Agent Mander, do you recognize this Q. 11 image? I do. 12 Α. 13 Q. And when did you pull this image? 14 Α. Today. 15 Q. And how did you pull this image? On this particular one I just modified the 16 Α. 17 number at the end of the address to match the other one 18 from the other document. 19 And which document are you talking about? Q. 20 Exhibit 32 Alpha. Α. 21 Q. And when you say modified the address, what do

- 1 you mean?
- 2 A. At the end of the URL that takes you to this
- 3 page, there's a number, it's a number that's about ten
- 4 numerals long, so I just modified it to the previous
- 5 document, 32 Alpha, and then hit enter, and it came up.
- 6 Q. Okay. Why, when you clicked enter on this
- 7 document and didn't have to modify the rest of the URL,
- 8 why did it bring up this tweet?
- 9 A. Because it's associated with the WikiLeaks
- 10 Twitter account.
- 11 Q. Okay. Thank you.
- 12 Your Honor, I'm retrieving all of the
- exhibits in front of the witness, that is 31 Bravo, and
- 14 32 Alpha.
- Thank you, Your Honor.
- 16 THE COURT: Cross examination.
- MR. TOOMAN: Yes, ma'am.
- 18 MR. FEIN: I'm handing back to the court
- 19 reporter 31 Alpha and 31 Bravo.
- 20 MR. TOOMAN: Ma'am, I have 32 Alpha and 32
- 21 Bravo.

over time. The administrators of sites can change how information is displayed, they can change graphics, background colors, things like that.

UNOFFICIAL DRAFT - 6/27/13 Afternoon Session

```
41
                Thank you, Agent Mander.
1
         Q.
2
                 MR. TOOMAN: Returning the exhibits to the
3
    court reporter.
                 No further questions, ma'am.
4
                 THE COURT: Redirect.
5
6
                 MR. FEIN: Yes, ma'am.
7
                     REDIRECT EXAMINATION
    BY MR. FEIN:
8
9
         Q.
                Special Agent Mander, with those two exhibits,
    was the text of the tweet the same?
10
11
         Α.
                It appeared to be the same, yes.
12
                 MR. FEIN: Thank you.
13
                 THE COURT: Special Agent Mander, I have a
14
    couple of questions. Could you hand Special Agent
15
    Mander, Major Fein, exhibits 31 Alpha and 31 Bravo?
                 MR. FEIN: Yes, ma'am. I'm handing Special
16
17
    Agent Mander 31 Alpha and 31 Bravo for identification.
18
                 THE COURT: I'm sorry. Hand him one more.
19
    31 and 32.
20
                 MR. FEIN: Yes, ma'am. I'm also handing 32
21
    Alpha, ma'am? Or 32 --
```

```
THE COURT: No. We're on 31. Just 31
1
2
    itself.
             I don't need any 32s.
 3
                 MR. FEIN: Yes, ma'am.
                 Your Honor, I'm handing Special Agent Mander
 4
    prosecution exhibit 31 for identification.
5
6
                 THE COURT: Actually, what you can do is
7
    publish 31 Alpha.
                 MR. FEIN: Yes, ma'am. I'm retrieving 31
8
9
    Alpha from Special Agent Mander and publishing 31 Alpha.
10
                 THE COURT: All right. Special Agent Mander,
    just so I make sure I understand what I think your
11
12
    testimony was, are you testifying today that the original
13
    tweet in prosecution exhibit 31 that you pulled from
    Google cache for identification is the same tweet that
14
15
    you pulled the other way, through the Google search and
16
    going on the Twitter account for 31A, and then just
17
    pulling up the serial number for, the web address and the
18
    serial number for 31B? Is that --
19
                 THE WITNESS: I'm just looking at both of
20
    them here.
21
                 THE COURT: Okay.
```

```
THE WITNESS: I mean aside from the absence
1
2
    of the graphics, the content of the actual message is the
3
    same.
 4
                 THE COURT: And the questions I'm asking you
    for 31, are they true for 32, too, or do you want to see
5
6
    the exhibit before you answer that question?
                 THE WITNESS: No.
                                     I'm confident that it's
7
    the same.
8
9
                 THE COURT: Okay. Did you testify earlier
    that the web address was, for the Twitter was HTTP slash
10
11
    slash Twitter dot com WikiLeaks status and then the
    serial number?
12
13
                 THE WITNESS: No.
                                     I mentioned that there was
    a pound and an exclamation point in the address, or at
14
15
    least that's what I had on the top there, and when I
16
    typed that exact same thing today into Google it took me
    to these messages. Now, I don't know if there's been a
17
18
    change on their website as far as how it resolves, but --
19
                 THE COURT: That was my question really was
    when I was looking at prosecution exhibit 31 and 31
20
21
    Alpha, 31 didn't have the pound and exclamation point,
```

```
and now I'm looking at 31 Bravo and that doesn't have it
1
2
    either.
 3
                 THE WITNESS: Right. And I also noticed that
    when you actually go to this message, at least on a
4
    computer that I was using, which was not my computer, it
5
    defaults to HTTPS now, where it didn't in the, when I did
6
7
    this like a year ago. So I highly suspect that
    something's changed on their website.
8
                 THE COURT: From this exhibit here for
9
    prosecution exhibit 31B, to retrieve that, what exactly
10
11
    did you put into the computer?
12
                 THE WITNESS: Can I see the other sets of
13
    exhibits?
14
                 MR. FEIN: Your Honor, I'm retrieving and
15
    handing to Special Agent Mander prosecution exhibits 32
    Alpha and 32 Bravo for identification.
16
17
                 THE WITNESS: Okay. So for 32 Bravo, to get
18
    to that location I typed in the full address that's
    listed on the top of exhibit 32 Alpha with the pound and
19
20
    the exclamation point in it to Google and it found this.
21
    When I say this, 32 Bravo, that message. And then I went
```

- to that message via the link in Google. And for 31 1 2 Bravo, essentially I just modified the number at the back 3 of the address to fit the, and I don't have that exhibit here, but to fit the exhibit for 31 Alpha, and that also 4 brought up the second message. 5 6 THE COURT: Do you know why that pound 7 exclamation point is in 31 Alpha but not 31 Bravo? THE WITNESS: I don't have 31 Alpha here, but 8 9 no. 10 THE COURT: Any follow-up based on that from either side? 11 12 MR. FEIN: Yes, Your Honor. 13 REDIRECT EXAMINATION 14 BY MR. FEIN:
- 17 A. Yes.

Q.

15

16

Q. And today, when you pulled, when you took a screenshot, Special Agent Mander, what website were you on when you took that screenshot?

published 31 Alpha at the bottom of the corner?

Special Agent Mander, on the screen, is that

21 A. Twitter dot com.

And if you could look at, I'm retrieving from 1 Q. 2 the witness 31, prosecution exhibit 31 for 3 identification, I'm handing back to the witness 4 prosecution exhibit 31 for identification. When you pulled from the Google cache that tweet, did that resolve 5 back to Twitter? 6 7 It's a, it's a version of the Twitter message Α. that is cached by Google. 8 9 Q. So did that resolve back to Twitter? 10 Not as far as I know, no. Α. 11 Q. And then for the one you pulled today, was that from the Twitter website? 12 13 Α. Yes. 14 0. And was the content the same to what was on 15 Google cache and what's on the Twitter website? The message is the same, yes. 16 Α. 17 And is that true also for prosecution exhibit 0. 32 for identification? 18 19 Yes. Α. 20 And its subsequent 32 Bravo for Q.

identification?

31 Alpha. And 31 Bravo.

19

20

Α.

Q.

And 31 Bravo. I'm going to publish 31 Alpha.

- understand you correctly, you typed in the URL that
 appears at the top of this exhibit, is that correct? So
 this URL that appears on 31 Alpha, that's what you typed
 into the computer today to create 31 Bravo?
- A. No. What I said was the address at the top of the exhibit that's on the screen right now, I typed that into Google. That took me to the address that is on this exhibit.
- 9 Q. Okay. So did you do a Google search or did
 10 you just type it in your web browser?
- 11 A. No. I did a search. If I can correct myself
 12 here, it was the other exhibit, 32 Alpha and 32 Bravo,
 13 that I had completed the Google search to get to the
 14 message.
- Q. Okay. So 32 Alpha and 32 Bravo you did a Google search for the URL at the top of 32 Alpha?
- 17 A. Yes.
- Q. And then you clicked on this top search result, I imagine?
- 20 A. The most appropriate one; I don't recall if it 21 was the top one.

- Q. So you clicked on the result, that took you to 32 Bravo?
- A. Yes. At the Twitter website.
- Q. And once you were on 32 Bravo, you just changed the number, the numeric portion of the URL to get to 32 Alpha?
- 7 A. To get to 32 Bravo. Excuse me. 31 Bravo.
- Q. Thank you. So once you were on 32 Bravo, you changed the numeric portion of that URL to get to 31
- 10 Bravo?
- 11 A. We'll say yes.
- 12 Q. Is that what --
- 13 A. Yes. Yes.
- Q. I am removing 31 Alpha from the projector and retrieving 32 -- 31 Bravo, returning those to the court reporter.
- So, Agent Mander, today when you pulled up
 those tweets you didn't go to the WikiLeaks Twitter news
 feed or the feed that we talked about earlier and you
 didn't scroll through and find that tweet?
- 21 A. Actually, I went to the feed, I scrolled

- through, but it looks like you get cut off after a 1 2 certain number of tweets, a certain number of messages, 3 you can't go any further. Okay. So on the feed it's not available any 4 Q. more or you can't find it, it's not there? 5 6 Α. Sure, I'll agree with that, yes. 7 MR. TOOMAN: Thank you, Agent Mander. THE COURT: Redirect? 8
- 11 BY MR. FEIN:

10

Q. Special Agent Mander, you just said that you would agree that it's not on the feed any more. Was it on Twitter today when you searched for it?

REDIRECT EXAMINATION

MR. FEIN: Yes, ma'am.

- 15 A. Yes.
- Q. Okay. When you typed in the number that was the exact one, was it on there?
- 18 A. Yes.
- Q. Did you print it from the -- I'm sorry. Did
 you take a screenshot from the Twitter website?
- 21 A. I did.

- Q. Did you take that screenshot and what did you do with it?
- 3 A. I printed it out.
- Q. And are those screenshots what we have been talking about as 31 and 32 Bravo for identification?
- A. Yes.
- 7 Q. Thank you.
- 8 A. And if I can add?
- 9 Q. Please.

16

17

18

19

20

- 10 A. When people say the feed, perhaps we're just
 11 having the wrong terminology here. As I think of the
 12 feed as like the collection of messages, all of the
 13 various messages that are in a row that are ordered
 14 chronologically versus an actual message, if that helps.
 - Q. So when you answered yes to the defense, what did you mean by the feed?
 - A. He asked me if I had been to the feed, scrolled through it to find that message. And I said that I had been to the feed, I had scrolled through it, but that message was so old that it was no longer in that feed.

And what were your observations about the 1 Q. 2 messages in the feed currently on the screen in that 3 feed? 4 They were other messages from the WikiLeaks 5 Twitter account. 6 Q. But could you keep scrolling eventually and get to them all? 7 8 No. Α. Q. So did it stop, did it --10 Α. Yes. What happened when you did that? 11 Q. I scrolled and scrolled and at the bottom it 12 Α. 13 gets to a point, I think it was 29 March of this year, where it doesn't let you go any further. 14 15 Q. Okay. But you still were able to access the 16 messages? It's still on the Twitter dot com 17 Α. Yes. 18 website. And is it still associated with the WikiLeaks 19 Q. 20 Twitter account? It is. 21 Α.

- Q. And what does it mean when a web page redirects you to another web page?
- 3 A. I'm sorry. What does it mean?
- Q. Earlier you testified about Google redirecting
 you when you typed in the Google search. What does it
 mean to redirect?
 - A. It's just the process of when a user clicks on an element on a web page, the web page automatically forwards you to another location on the Internet.
- Q. And when it does that, are you on the original website or are you now on the new website?
- 12 A. Typically the new website.

8

- Q. And what happened today when you typed in Google search and hit search and then clicked on that result?
- 16 A. I went to the Twitter dot com website.
- Q. When you typed in the Twitter dot com, slash, pound sign, exclamation mark, and the rest of that address, where did the computer take you to, or the web page? Excuse me.
- 21 A. Can you rephrase your question?

In your testimony first with the court's 1 Q. 2 question when you typed in Google search the Twitter dot 3 com, slash, pound sign, exclamation mark, and the rest of that address, where did that actually take you, that 4 search result? 5 The result took me to the Twitter dot com 6 Α. 7 website. MR. FEIN: Thank you, Your Honor. 8 9 THE COURT: Go ahead. 10 RECROSS EXAMINATION 11 BY MR. TOOMAN: 12 Q. Now, Agent Mander, have you ever been able to 13 view these tweets that we've been talking about by going 14 directly to Twitter dot com? 15 Α. Yes. 16 Q. Take Google out of it? 17 Today. One of them. Α. 18 Q. Okay. And how did you do that?

19

we've discussed, and I changed the address slightly and

got to the other message without having used Google.

I was on the previous message, the one that

MR. TOOMAN: Okay. Thank you, Agent Mander.

                 THE COURT: I don't think I have any further
3
    questions. Does either side?
                 MR. FEIN: No, ma'am.
4
                 MR. TOOMAN: No, ma'am.
5
6
                 THE COURT: All right. Temporary excusal?
7
                 MR. FEIN: Yes, ma'am.
                 THE COURT: All right. Special Agent Mander,
8
    once again, you're temporarily excused. Same rules
    apply.
10
11
                 Are the parties ready to proceed?
12
                 MR. COOMBS: No, Your Honor. What the
13
    defense would ask is that we reconvene at 1615, around
14
    4:15.
                 THE COURT: All right. Then is this once
15
16
    again for the purpose of going over the stipulations of
17
    expected testimony with PFC Manning?
18
                 MR. COOMBS: Yes, Your Honor.
19
                 THE COURT: Any objection?
20
                 MR. FEIN: No, ma'am.
                 THE COURT: Court is in recess until 1615.

                 THE COURT: Court is called to order. Major
3
    Fein, please account for parties.
                 MR. FEIN: Yes, ma'am. All parties in the
 4
    court last recessed are again present with the following
5
6
    exceptions: Captain Morrow is absent. Captain Katherine
    Mitroka is present.
7
                 THE COURT: Is she qualified and certified?
8
9
                 MS. MITROKA: I'm prepared to certify my
    credentials on the record at this time, Your Honor.
10
11
                 THE COURT: Go ahead. You can do it from
12
    there.
                 MS. MITROKA: Your Honor, I, Captain
13
14
    Katherine Mitroka, have been detailed to this
15
    court-martial by the Staff Judge Advocate, Colonel Corey
16
    Bradley, United States Army, Military District of
17
    Washington. I am qualified, I am certified under Article
18
    27 Bravo and sworn under Article 42 Alpha, Uniform Code
19
    of Military Justice. I have not acted in any manner that
20
    might disqualify me from this court-martial.
21
                 THE COURT: All right. Thank you.
```

1	During the recess I was provided with a
2	number of stipulations of expected testimony that I need
3	to go over with PFC Manning. Do we have any
4	administrative issues that we need to address before we
5	go over those?
6	MR. FEIN: No, ma'am.
7	MR. HURLEY: May PFC Manning and I move?
8	THE COURT: Will he have both copies of the
9	classified and redacted versions?
10	MR. HURLEY: Yes, ma'am, he will once we
11	move.
12	THE COURT: Let the record reflect that Major
13	Hurley and PFC Manning are moving over to the panel box.
14	All right. PFC Manning, I understand that
15	you and I have the exhibits in the same order, so if I
16	start saying numbers and names that aren't appearing
17	before you, let me know.
18	THE ACCUSED: Yes, ma'am.
19	THE COURT: Are you ready?
20	THE ACCUSED: Yes, ma'am.
21	THE COURT: All right. I have stipulations

of expected testimony from PDAS John Feeley at 1 prosecution exhibit 169A for the redacted version and 2 169B for the classified version. 3 Stipulation of expected testimony of DAS 4 James Moore which is prosecution exhibit 170 Alpha, the 5 classified version would be 170 Bravo. 6 7 Stipulation of expected testimony from Ambassador David Pearce, prosecution exhibit 171 Alpha 8 9 for identification; classified version, 171 Bravo. 10 Stipulation of expected testimony from PDAS H. Dean Pittman which is prosecution exhibit 172A for 11 identification; classified version, 172B for 12 13 identification. 14 Stipulation of expected testimony, charged 15 cables, Ambassador Steven Seche, which is prosecution exhibit 173 Alpha for identification; classified version 16 17 being 173 Bravo for identification. 18 MR. HURLEY: Ma'am, can we have one second? 19 THE COURT: Yes. 20 MR. HURLEY: Ma'am, if you resume at 174. We're fine. 21

```
THE COURT: All the names that I've stated
1
 2
    you've got a copy of both the classified and redacted
3
    version, right?
                 MR. HURLEY: Yes, ma'am.
 4
                 THE ACCUSED: Yes, ma'am.
5
6
                 THE COURT: So now we're at the second
7
    prosecution exhibit that is a stipulation of expected
    testimony for the same witness as the last one,
8
    Ambassador Steven Seche, for uncharged cables, and that
10
    would be at 174 Alpha, and the classified version at 174
11
    Bravo.
12
                  Stipulation of expected testimony from Don
13
    Yamamoto, prosecution exhibit 175 Alpha for
    identification, and the classified version would be at
14
    175 Bravo for identification.
15
                 Stipulation of expected testimony for
16
17
    Ambassador Marie Yovanovitch, prosecution exhibit 176
18
    Alpha for identification; classified version at 176 Bravo
    for identification.
19
20
                 Stipulation of expected testimony, AA/S
21
    Joseph Yun, prosecution exhibit 177 Alpha for

identification; classified version at 177 Bravo.
1
 2
                 And lastly, stipulation of expected testimony
3
    from Mr. Nicholas Murphy, prosecution exhibit 178 for
    identification, and there's no classified version for
4
    this exhibit, is that correct?
5
                 THE ACCUSED: Yes, Your Honor.
6
                 MR. HURLEY: May I have just a moment?
7
                 Ma'am, you had Mr. Murphy's stipulation of
8
9
    expected testimony at 178, is that correct?
10
                 THE COURT: Yes.
11
                 All right. PFC Manning, this is a pretty
12
    substantial stack of stipulations of expected testimony.
13
    Have you had enough time to go over them?
14
                 THE ACCUSED: Yes, Your Honor.
15
                 THE COURT: Have you had enough time to talk
    to your defense counsel about them?
16
17
                 THE ACCUSED: Yes, Your Honor.
18
                 THE COURT: Now, before signing each of these
19
    stipulations, both classified and redacted, did you read
20
    over them?
                 THE ACCUSED: Yes, Your Honor.
21
```

```
THE COURT: Do you understand the contents of
1
2
    the classified and unclassified stipulations?
 3
                 THE ACCUSED: Yes, Your Honor.
 4
                 THE COURT: Do you agree with the contents of
    the stipulations?
5
6
                 THE ACCUSED: Yes, Your Honor.
7
                 THE COURT: Before signing each of these
    stipulations did your defense counsel explain it to you?
8
9
                 THE ACCUSED: Yes, Your Honor.
10
                 THE COURT: Do you understand that you have
11
    an absolute right to refuse to stipulate to the contents
12
    of any of these stipulations of expected testimony that
13
    we just went over?
14
                 THE ACCUSED: Yes, Your Honor.
15
                 THE COURT: Do you understand that you should
    enter into each of these stipulations if you believe only
16
17
    if it's in your best interest to do that?
                 THE ACCUSED: Yes, ma'am.
18
19
                 THE COURT: Once again, these are
    stipulations of expected testimony. When counsel for
20
21
    both sides and you agree to stipulations of expected
```

```
testimony you're agreeing that if each of these witnesses
1
 2
    were here testifying in court they would say
 3
    substantially what's in the stipulation of expected
    testimony. The stipulation does not admit the truth of
4
    the testimony. The stipulation could be contradicted,
5
6
    attacked or explained in the same way as if the person
    was testifying here in person. Do you understand that?
7
                 THE ACCUSED: Yes, ma'am.
8
9
                 THE COURT: And knowing everything that I've
    told you and what your defense team has told you, do you
10
11
    still want to enter into each of these stipulation of
12
    expected testimony?
13
                 THE ACCUSED: Yes, Your Honor.
                 THE COURT: Do counsel for both sides concur
14
15
    in the contents of each of these stipulations?
16
                 MR. FEIN: Ma'am, may the government have one
17
    moment?
18
                 THE COURT: Yes.
19
                 MR. FEIN: Ma'am, the United States does
    agree, but we realize administratively the originals are
20
21
    not signed by the government counsel, but the government
```

```
counsel will do so afterwards, may it please the court.
1
 2
                 THE COURT: All right. So the government
3
    counsel still has to sign the original stipulations?
                 MR. FEIN: Yes, ma'am. But the United States
 4
    does agree that all of those stipulations are, in fact,
5
6
    stipulations that the government is agreeing to.
7
                 THE COURT: Well, take about five minutes to
    sign them.
8
9
                 MR. FEIN: Maybe even less than that, ma'am.
10
                 THE COURT: Let's go ahead and do it.
11
                 MR. FEIN: Yes, ma'am.
12
                 THE COURT: Oh, I see. You need to sign the
13
    classified versions. Don't worry about it. We'll do it
14
    on the recess.
15
                 So both counsel agree to the content of the
16
    stipulations?
17
                 MR. FEIN: Yes, ma'am.
18
                 MR. HURLEY: Yes, ma'am.
19
                 THE COURT:
                             Now, are these stipulations going
    to have enclosures or are there separate exhibits that go
20
    with each of them?
21
```

MR. FEIN: Separate exhibits, ma'am, that are 1 2 referenced by the stipulations themselves. 3 THE COURT: Okay. And I believe you were going to set forth for the record how you intend to do 4 that before we get started? 5 6 MR. FEIN: Yes, ma'am. 7 Your Honor, yesterday during session the United States read on to the record prosecution or a 8 9 stipulation of expected testimony for Mr. Tasha Thian and 10 moved to admit prosecution exhibit 98, and prosecution 11 exhibit 98 were the charged cables and they were 12 admitted. 13 What the United States and defense counsel 14 agreed upon was for these stipulations where these 15 witnesses are actually referencing the individual cables 16 that they would be remarked as the corresponding 17 prosecution exhibit number to the stipulation, but 18 Charlie. So, for example, Your Honor, the very first stipulation, prosecution exhibit 169 Alpha for 19 20 identification, 169 Charlie for identification are the 21 Department of State cables that principal deputy John

```
1 Feeley would be testifying about.
```

- So in order to make this easier for the record management of this record of trial, the United States has burned a digital copy of what was previously or currently is prosecution exhibit 98 and put it on to a CD, and that CD is ready to be marked and admitted as a substitute for what has previously been prosecution exhibit 98.
- THE COURT: All right. So for both sides then the parts of prosecution exhibit 98 that's already been admitted is going to be discussed in these various stipulations of expected testimony. We're not talking about admitting anything else, it's already admitted, is that correct?
- MR. FEIN: It is admitted, Your Honor.
- 16 That's correct.
- 17 THE COURT: It's just taking a different
- 18 form.

3

4

5

6

7

8

9

10

11

12

13

- MR. HURLEY: Yes, ma'am.
- THE COURT: Okay. So is there any objection,
- 21 do I need to admit all those new exhibits?

```
MR. FEIN: Ma'am, I'm sorry. There is one
1
 2
    correction.
                 The second Ambassador Seche stipulation for
3
    the uncharged cables was not part of prosecution exhibit
    98, so that is separate, so that has not been previously
4
    admitted.
5
6
                 THE COURT: Okay. So when you refer to these
7
    cables that have been admitted as prosecution exhibit 98,
    then when you talk about them as prosecution exhibit 169
8
    Bravo, Charlie, etcetera, you're just going to say we're
10
    going to all assume that they have been admitted, they
11
    just have a different name at this point?
12
                 MR. FEIN: Except the two I just mentioned,
13
    yes, Your Honor.
14
                 THE COURT: Okay. So they're not going to be
15
    for identification.
16
                 MR. FEIN: Yes, ma'am.
17
                 MR. HURLEY: It's the understanding of the
18
    defense that they're going to be admitted as the cables
    for the review of the trier of fact all together.
19
20
                 THE COURT: Okay. So they're just taking a
21
    different form in these stipulations, we don't have to go
```

```
through any of the admission process.
1
2
                 MR. HURLEY: No, ma'am.
 3
                 THE COURT: Okay. So I will also admit the
    exhibits on, to include stipulations of expected
4
    testimony on a recess.
5
6
                 MR. FEIN: Yes, ma'am.
7
                 THE COURT: Okay. So all of these
    stipulations of expected testimony, prosecution exhibits
8
    169A, 170A, 171A, 172A, 173A, 174A, 175A, 176A, 177A, and
10
    all of the classified versions at each of those numbers
11
    at B are admitted, as well as prosecution exhibit 178 for
    identification.
12
13
                 Is there anything else we need to address
14
    before PFC Manning returns to the defense table?
15
                 MR. FEIN: Ma'am, there's only one other, and
16
    this goes back to the one stipulation for Ambassador
17
            174C, 174 Charlie was not originally part of
18
    prosecution exhibit 98, so the United States still moves
    to admit 174 Charlie.
19
20
                 MR. HURLEY: There's no objection, ma'am.
21
                 THE COURT: All right. 174 Charlie is
```

```
admitted. Is this something that I should be signing at
1
2
    the recess?
 3
                 MR. FEIN: Yes, Your Honor. It's classified.
                 THE COURT: Okay. So when we do the signing
 4
    during a recess, after the recess let's get together and
5
6
    just make sure that we've got everything that's supposed
    to be admitted admitted.
7
                 MR. FEIN: Yes, ma'am.
8
9

The bureau of western hemisphere affairs is responsible for managing and promoting U.S. interests in the region by supporting democracy, trade and sustainable economic development and fostering cooperation on issues such as citizen safety, strengthening democratic institutions and the rule of law, economic and social

inclusion, energy, and climate change.

WHA works with the partners in the Americas to generate broad-based growth through fair trade and sound economic policies, to invest in the well-being of people from all walks of life, and to make democracy serve every citizen more effectively and justly.

The United States is linked to the countries of the western hemisphere by physical proximity, shared values and vast cultural, commercial and demographic ties.

There are compelling national security interests in the Americas, including current and future energy markets for the United States and maintaining effective partnerships to prevent illicit trafficking and terrorist activities.

Embassies and consultants communicate what is occurring in the host nations through many different means. Issuing a cable is an official communication by the embassy or organization. Typically the ambassador or deputy chief of mission, DCM, sign off as the originator on the cables because they contain the official position

of the embassy or organization. 1 Generally cables are issued to summarize 2 3 meetings and note significant events in the host country, and often contain the analysis and comment of the author. 4 The cables are issued via the distribution 5 captions, one of which is SIPDIS. The principal deputy assistant secretary is 7 the lead deputy assistant secretary, all of which assists 8 in the development and management of U.S. policy concerning the bureau. 10 11 I am the principal deputy, PD, in the office 12 of the special representative for Afghanistan and 13 Pakistan, SRAP. The PD assists the SRAP in advising the 14 secretary on Afghanistan and Pakistan, and in providing 15 quidance and direction to our missions in the two countries. The PD conducts liaison with the bureau of 16 17 South and Central Asian affairs, SCA, and is 18 double-headed as a deputy assistant secretary in SCA. 19 I have been in these positions since July of 2012. SRAP reports directly to the Secretary of State 20 21 and supervises policy and management for Afghanistan and

Pakistan which includes a substantial amount of interagency coordination.

Prior to my current position I was the assistant chief of mission, A/COM, at the U.S. Embassy in Kabul from 2011 to July 2012. This is one of the five ambassador level positions at the embassy. I supervised the political, military and public affairs consular legal management and diplomatic security sections of the embassy.

I have served with the Department of State since 1982. I began my career with the Department of State as the vice consul and political officer in Riyadh, Saudi Arabia. I was the liaison officer to the Kuwaiti government in exile in Taif, Saudi Arabia during the Iraqi invasion of Kuwait and the coalition liberation of Kuwait.

I have since served in senior positions throughout the Middle East. These positions include the U.S. Ambassador to the People's Democratic Republic of Algeria from 2008 to 2011; chief of mission and consul general to the United States consulate general in

Jerusalem from 2003 to 2005; coalition provisional 1 2 authority in Baghdad in May to June 2003; director of the 3 Department of State's office in northern gulf affairs with responsibility for Iraq and Iran from September 2001 4 to July 2003; deputy chief of mission at the U.S. Embassy 5 in Damascus from 1997 to 2001; and consul general in 6 Dubai from 1994 to 1997. 7 I have written the book, Wary Partners: 8 9 Diplomats and the Media. I speak Arabic, French, Italian 10 and some Farsi. I have testified in front of Congress on the 11 12 Afgan elections because of my experience on Pakistan and 13 Afghanistan. 14 The embassies communicate what is occurring 15 in the host nations through many different means. It is dated 27 5 6 June 2013, prosecution exhibit 175 Alpha. 7 It is hereby agreed about by the accused, defense counsel and trial counsel that if ambassador, 8 9 AMB, Don Yamamoto were present to testify during the 10 merits and presentencing phases of this court-martial, he 11 would testify substantially as follows: 12 The United States Department of State, DOS, is led by the Secretary of State. There are six 13 14 undersecretary offices that work for the Secretary of 15 State. One of those undersecretaries is for political affairs. The undersecretary of political affairs serves 16 17 as the day-to-day manager of overall regional and 18 bilateral policy issues. The undersecretary of political affairs oversees seven bureaus which are headed by 19 20 assistant secretaries. Those bureaus are African 21 affairs, European and Eurasian affairs, East Asian and

Pacific affairs, Near Eastern affairs, South and Central 1 2 Asian affairs, western hemisphere affairs and 3 international organizations. The assistant secretaries of the geographic 4 bureaus and offices advise the undersecretary and quide 5 the operation of the U.S. diplomatic missions within 6 their regional jurisdiction. 7 Each bureau has a principal deputy assistant 8 9 secretary, PDAS, and several deputy assistant 10 secretaries. The principal deputy assistant secretary is 11 the lead deputy assistant secretary, all of which assist 12 in the development and management of U.S. policy 13 concerning the bureau. 14 I am the acting assistant secretary, AA/S, 15 and the PDAS of the bureau of African affairs. I have 16 been the AA/S since 1 April 2013, and PDAS since 1 August 17 2009. My prior assignments include serving as the U.S. 18 ambassador to the Federal Democratic Republic of Ethiopia from December 2006 to July 2009. 19 20

As ambassador you represent the United States in the relevant country and advocate the policies of the

United States.

I have also served as Deputy Assistant

Secretary of State in the bureau of African affairs from

2003 to 2006 where I was responsible for coordinating

U.S. policy towards over 20 countries in East and Central

Africa.

I have served as U.S. ambassador to the republic of Djibouti from 2000 to 2003, and was the deputy director for East African affairs from 1998 to 2000. I have also served in Eritrea as charge d'affaires at the U.S. embassy in Asmara in the Horn of Africa from 1996 to 1998. I entered the foreign service in 1980.

Additional former assignments include U.S.

Embassy beginning as ambassador staff aid and human
rights officer during the Tiananmen Square demonstrations
in 1989 and Japan as principal officer in the Fukuoka
consulate.

I attended the National War College from 1995 to 1996 for senior training and received a congressional fellowship in 1991. I did graduate studies at Columbia University receiving a master's degree in international

affairs. I have also studied Chinese, Japanese, Arabic 1 2 and French. 3 During my foreign service career I have received 12 senior performance awards, four individual 4 superior honor awards, two group awards, and the 2006 5 Robert Frasure memorial award for advancing conflict 6 resolution in Africa. 7 I have testified in front of Congress on 8 9 numerous occasions to provide expertise in African 10 affairs. The bureau of African affairs is focused on 11 12 the development and management of U.S. policy concerning 13 the continent of Africa. There are five pillars that serve as the foundation of U.S. policy toward Africa. 14 15 One. Support for democracy and the strengthening of democratic institutions on the continent 16 17 including free, fair and transparent erections. 18 Two. Supporting African economic growth and 19 development.

Three. Conflict prevention, mitigation and resolution.

Four. Supporting presidential initiatives such at global health initiative, feed the future and the global claim at change initiative.

And five. Working with the African nations on transnational issues such as drug smuggling, money laundering, illicit arms and trafficking in persons.

The embassies communicate what is occurring in host nations through many different means. Issuing a cable is an official communication by the embassy or organization. Typically the ambassador or deputy chief of mission, DCM, sign off as the originator on the cables because they contain the official position of the embassy or organization.

Generally, cables are issued to summarize meetings and note significant events in the host country and often contain the analysis and comment of the author.

The cables are issued via the distribution captions, one of which is SIPDIS. The SIPDIS caption indicate that a cable is approved for SIPRNET distribution for access by appropriately cleared individuals across numerous U.S. government agencies and

1 concerning the bureau.

I am the AA/S and the PDAS of the bureau of East Asian and Pacific affairs. The bureau deals with U.S. foreign policy and U.S. relations with the countries in the Asia Pacific region. My previous assignment was as deputy assistant secretary of the same bureau.

I am a career member of the senior foreign service, class of minister counselor. My overseas assignments have been in South Korea, Thailand, France, Indonesia and Hong Kong. Before joining the U.S. foreign service in 1985 I was senior economist for Data Resources, Inc.

The bureau of East Asian and Pacific affairs covers approximately 40 posts in 26 countries including Korea, Taiwan, Thailand, Hong Kong, Philippines, Australia and Japan.

The United States' interests in the East Asia
Pacific region include promoting regional stability,
fostering democracy and human rights, encouraging
economic prosperity, furthering cooperation on fighting
transnational issues and international crime, and

preventing the proliferation of weapons of mass destruction.

office of information programs and services, IPS, bureau 1 2 of administration, Department of State, DOS. 3 capacity I advise on information access with focuses on the classification and declassification of information. 4 Since 1996 I have served as the DOS liaison to the 5 6 Interagency Security Classification Appeals Panel, ISCAP, 7 and since 2005 I have served as the alternate Department of State representative to the ISCAP. 8 9 The ISCAP is the panel established by executive order 12958 to, among other functions, 10 adjudicate the denial of access to classified information 11 12 requested under the mandatory review provisions of the 13 EO. Prior to this I served as foreign service 14 15 officer with service in Turkey, Lebanon, Saudi Arabia, France and Senegal, as well as multiple postings in 16 17 Washington, D.C.

I have been an employee of IPS or its predecessor organizations for 24 years and have over 45 years of experience in management of access to national security information, security and intelligence including

18

19

20

21

serving as the state department representative on the drafting committees for the executive orders, EO, on classified national security information, EO 12958 and EO 13526 and their implementing directives.

I have been involved in the implementation of the Freedom of Information Act policies in the department and have been working with classification and declassification issues since 1990.

I am also an original classification authority, OCA, and have been an OCA for approximately 23 years. My responsibilities in that position include the review of Department of State information for classification purposes pursuant to EO 13526.

Per EO 13526, section 1.3, the authority to classify information originally may be exercised only by an OCA and must be delegated by the president, the vice president or agency head or designated official.

Information which requires protection in the interests of the national security of the United States is designated classified national security information per EO 13526, classified national security information,

signed by President Obama on 29 December 2009, and for information classified prior to June 27, 2010 according to EO 12958 signed by President Clinton on April 17, 1995 as amended by President George W. Bush on March 25, 2003.

Information is classified in levels commensurate with the assessment that unauthorized disclosure could cause the following expected damage to national security. For exceptionally grave damage to national security, top secret. For serious damage to national security, secret. And for damage to national security, confidential.

Within the Department of State classified information is handled and protected in accordance with:

A, EO 13526 and predecessor orders on classified national security information; B, information security oversight office, ISOO, implementing directive, classified national security information 32 CFR parts 2001 and 2003; and C, the twelfth volume of the foreign affairs manual, FAM, section 500, titled information security.

In total, five categories of classified information as identified in EO 13526 and its predecessor

EOs were included in the documents I have reviewed.

1

17

18

19

20

21

2 Because the mission of the Department of State 3 encompasses the conduct of foreign relations of the United States, the department relies primarily upon two 4 classification categories when protecting national 5 security information which are identified in section 1.4 6 of EO 13526 as 1.4B, foreign government information, and 7 1.4D, foreign relations or foreign activities of United 8 9 States including confidential sources. 10 Additionally, a small number of specified 11 documents described below also require protection under 12 classification categories 1.4A, military plans, weapons 13 systems or operations, 1.4E, scientific, technological or 14 economic matters, and 1.4G, vulnerabilities and 15 capabilities of systems and installations. 16

These classification categories apply to the documents in cases where the subject of the diplomatic disclosure or communication also included a discussion of information related to these categories. The reason for classification of each cable is identified below.

Classified information should be handled and

- examined only under such conditions as are adequate to 1 2 prevent unauthorized persons from gaining access. 3 Classified material may not be removed from designated 4 work areas or moved from information systems, e.g., classified databases, computer networks, servers or 5 6 computers, except in the performance of official duties and under special conditions which provide protection for 7 the classified material. 8 I reviewed the 117 charged Department of State cables or telegrams related to this case. 10 11 Specifically, I reviewed all of the cables contained in 12 appellate exhibit 501 and with the Bates numbers 00376954 13 to 00376759, 00376964 to 00377030, 00377033 to 00377044, 00377049 to 00377098, 00377104 to 00377136, 00377141 to 14 15 00377185, 00377188 to 00377365, 00377370 to 00377391, 00377395 to 00377424, 00377499 to 00377572, 00377638 to 16 00377653, and 00377660 to 00377671. 17

MR. COOMBS: Your Honor, as far as reading the rest of this, the defense would suggest that when you leave from confidential as far as what the actual cable is classified, the part under EO 12958 down to under EO 13526 is the same for every one of these, so for that when you're reading it we could just skip from confidential under and then go to the section because that's the only thing that changes. So that one portion there for the next hundred or so --

MS. OVERGAARD: Some of them (INAUDIBLE).

THE COURT: All right. Government, I'm going 1 2 to leave this up to you. How would you like to do it? 3 MR. FEIN: Ma'am, another option is because the publishing prosecution exhibits that are on the 4 record, this will be published within the next 24 hours 5 6 and we could have copies available for the members of the public to actually have with them instead of waiting on 7 the website, and if the defense would be willing we could 8 9 forego the rest of the reading of this. 10 MR. COOMBS: We would, Your Honor, actually 11 just recommend picking up on paragraph eight on page 17. 12 THE COURT: All right. In an ordinary case 13 stipulations of expected testimony are read in the 14 record. This is not the ordinary case. This stipulation 15 is 18 pages long. The defense has proposed going to page 16 17, paragraph eight. 17 Government, if you have no objection and both 18 sides are in agreement and there are copies of prosecution exhibit 178 that will be available to any 19 20 members of the public after these proceedings, right 21 after these proceedings who desire to read them, what's

```
-- how would you proceed to do that?
1
 2
                 MR. FEIN: Ma'am, the United States would
 3
    offer that we'll have ten copies available for members of
    the public to read while they're here, and then once the
4
    Department of Army publishes it in the next 24 hours
5
6
    there will be copies of course for the entire world to
    read and to have copies to have with them. So we'll
7
    start processing and have copies for them to read in the
8
    session when it completes.
9
10
                 THE COURT: All right. Both sides are
11
    amenable to that procedure and both PFC Manning's and the
12
    public's right to a public trial are insured, the court
13
    will go along with that procedure. We'll move then to
14
    paragraph eight on page 17.
15
                 MS. OVERGAARD: Yes, ma'am. For each of
    those 96 cables listed above and classified as
16
17
    confidential, the following is true:
18
                 First. All 96 cables were properly marked at
    the confidential classification level.
19
20
                 Second. Disclosure of the information

to cause damage to the national security of the United 1 2 In making this statement regarding the 3 classification of information in this case, I rely upon my personal knowledge and experience, the information 4 made available to me in my official capacity and the 5 advice and recommendations received from experts within 6 the geographic and functional bureaus. 7 The 96 cables and the information Third. 8 9 contained in them were classified at the confidential level at the time of their creation and remained 10 classified at the confidential level in the first half of 11 2010 and at the time of their disclosure. 12 13 These cables were classified pursuant to 14 section 1.4 of EO 13526 or its predecessor EOs because 15 they contained information that, if released, could cause damage to national security. For each of those 21 cables 16 17 listed above and classified as secret, the following is 18 true: 19

First. All 21 cables were properly marked at the secret classification level.

20

21

Second. Disclosure of the information

identified in the 21 cables reasonably could be expected to cause serious damage to the national security of the United States.

In making this statement regarding the classification of information in this case, I relied upon my personal knowledge and experience, the information made available to me in my official capacity, and the advice and recommendations received from experts within the geographic and functional bureaus.

Third. The 21 cables and the information contained in them were classified at the secret level at the time of their creation and remain classified at the secret level in the first half of 2010 and at the time of their disclosure. These cables are classified pursuant to section 1.4 of EO 13526 or its predecessor EOs because it contains information that, if released, could cause damage to national security.

Of the cables I reviewed, a portion of them were found to be technically deficient in terms of marking, that is, they contained no declassification date, were missing authority or improperly cited the EOs.

```
However, the presence of technical marking deficiencies
1
2
    does not mean that the cables were not classified.
3
    Moreover, I found that portions of some of the cables I
    reviewed were no longer sensitive.
4
                 THE COURT: All right. I understand copies
5
6
    are being made.
7
                 MR. FEIN: Yes, ma'am.
                 Just to modify, the United States would
8
9
    actually probably prefer to have five in the courtroom
10
    and have five run over to the media center so members of
11
    the press also have copies.
                 THE COURT: That's fine. Just for the
12
13
    record, on page three in paragraph G, it looks like
14
    there's a small typo there on the second sentence, it
15
    says his telegram is six pages. Do you mean this
16
    telegram is six pages?
17
                 MS. OVERGAARD: Yes, ma'am, this telegram is
18
    six pages.
19
                 THE COURT: Do you want to just amend the
20
    original? Don't have to worry about copies going
```

anywhere, we've said it on the record.

COURT: Parties can get through 18 pages with

2
    one typo, the court is impressed.

    the court reporter prosecution exhibit 178 and all
4
    parties, including the accused, have initialed next to
5
    the line out of this telegram.
6
7
                 THE COURT: All right. Does the government
    intend to present any further evidence today?
8
9
                 MR. FEIN: Yes, ma'am, United States does.
    May we have a moment?
10
11
                 THE COURT: Yes.
                 MR. FEIN: Ma'am, the United States offers to

13
    read on to the record prosecution exhibit 76, stipulation
14
    of expected testimony for Special Agent Troy Betencourt

                 THE COURT: All right. My records indicate
16
17
    I've already gone over this with PFC Manning.
18
                 MR. FEIN: Yes, ma'am, and it's been

21
    command, CID. Specifically I worked for the computer
```

crimes investigation unit, CCIU. I was assigned to the Washington metro resident agency CCIU and investigated crimes within CCIU's investigative purview with a focus on the PFC Manning investigation.

From June 2007 to November 2010 I was an administrator with the Punta Gorda Police Department where I was responsible for accreditation, staff inspections, audits, administrative management study, personnel, media relations and forensic imaging, preliminary analysis in cases ranging from prostitution to homicide.

From May 2005 to 2007 I owned and operated my own business.

From October of 2001 to May 2005 I was a special agent with CCIU. I supervised a team of special agents responsible for investigating crimes within CCIU's investigative purview. I was also assigned as the computer emergency response team alert and the joint task force global operations center.

From February 1999 to September 2001 I was a special agent with the Hawaii field office CID where I

served as an assistant team chief of a drug suppression 1 team as well as an investigator in a general crimes investigative team and child abuse sections team.

I earned a degree from Troy University located in Alabama.

I have had extensive training in evidence collection and handling to include but not limited to the 17 week apprentice agent's course. In terms of computers and forensic training I've completed multiple courses over the years.

I completed three courses at the forensic investigative training academy in Linthicum, Maryland between the years 2001 and 2002 which covered digital immediate why collection issues.

From 2002 to 2003 I attended two courses in Guidant Software in Reston, Virginia, the manufacturer of EnCase. During this time I also completed four courses at Learning Tree. In 2003 I completed the federal law enforcement seized evidence recovery in Glynco, Georgia.

In 2009 and 2013 I attended two courses conducted by Access Data, manufacturer of FTK.

In 2012 I completed a training certification course on the use of forensic extraction device. These courses all discussed the collection, handling and forensic analysis of digital evidence.

I earned a Department of Defense critical -- excuse me. I earned a Department of Defense certified digital media collector certificate in 2011 from the Department of Defense cyber crimes center, DC3, which

must be renewed every two years. I have not renewed it

as I no longer work for the Department of Defense entity.

I earned the Federal Law Enforcement Training
Center seized evidence recovery specialist certification
in 2003 which did not require recertification. I earned
the UFED certification in 2012 which does not require
recertification.

I also earned the following certifications which have since lapsed: Learning Tree international security, network security certified professional 2003; Guidant Software EnCase certified examiner, 2004; access data certified examiner 2009.

In addition to my training and certifications

I have investigated or supervised more than 100 1 2 investigations involving computer crimes and supervised 3 over 100 investigations unrelated to computer crime. On 30 August 2011 as part of this 4 investigation I downloaded the, quote, cable gate, end 5 6 quote, archive from W W W dot WikiLeaks dot org based on press reports indicating that all Department of State 7 diplomatic cables in the possession of WikiLeaks have 8 been posted on the WikiLeaks website. The archive I 9 10 collected contained 251,287 purported Department of State 11 diplomatic cables or messages. The purported cables 12 range in date from 1966 to February 2010. I know this 13 because I personally reviewed the cable gate archive after collection. This review indicated that no 14 15 information had been redacted from the files. Your Honor, that is it for stipulations of 16 17 expected testimony, although we'll have more for 18 tomorrow.     the admissibility of prosecution exhibits 31, the series,
4
    the 32, the series, and prosecution exhibits 109 for
5
    identification. Any issues with that?
6
7
                 MR. FEIN: No, ma'am.
                 MR. COOMBS: No, Your Honor.
8
9
                 THE COURT: Okay. Do you think it will take
    about 30 seconds to run out and see where they are?
10
11
                 MR. FEIN: Ma'am, I that I it would take 30
12
    seconds to find out where they are and then ask for more
13
    time.
14
                 THE COURT: Why don't you do that? We'll
15
    stay in place.
16
                  (BRIEF PAUSE.)
17
                 THE COURT: Court is in recess in place.
18
    Feel free to stretch, move around.
19
                 Major Fein, are you ready to reconvene court?
20
                 MR. FEIN: Yes, ma'am.
                 THE COURT: Court is called to order.
21
                                                         Let

the record reflect all parties present.
1
2
                 Have the copies been made?
 3
                 MR. FEIN: Yes, ma'am. Two sets of five
    copies, one set is already on the way to the media
4
    operations center and the second set are right here in my
5
    possession, Your Honor. And the United States proposes
6
    that at the conclusion of this session it be handed over
7
    to the court security officer who will then, if any
8
    members of the public would like to read them, will hand
10
    them out, and then they'll be returned to the court
11
    security officer.
12
                 THE COURT: All right. So the copies will
13
    remain here.
14
                 MR. FEIN: Yes, ma'am.
15
                 THE COURT: Anything else we need to address
    before we recess court today?
16
17
                 MR. FEIN:
                            No, ma'am.
18
                 THE COURT: 0930 tomorrow?
19
                 MR. FEIN: Yes, ma'am.
                 MR. COOMBS: Yes, ma'am.
20
21
                 THE COURT: Court is in recess until 0930
